

Launched on the 50th anniversary of Earth Day (April 22, 2020), the [My Future My Voice \(MFMV\) campaign](#) brings together young environmental leaders from across the globe with the aim to provide them with a platform to share tried and tested techniques to help Restore Our Earth ([EARTHDAY.ORG](#)'s theme for Earth Day 2021). It places at center-stage the role that youth play as responsible, environment-friendly citizens in different countries and works to develop and solidify a dynamic youth network.

Today, 170 youth from 86 countries on 6 continents are involved in the initiative. Each leader accepted into MFMV has a proven track record of helping Restore Our Earth. They are designated as EARTHDAY.ORG Youth Ambassador. These Youth Ambassadors include authors, star actors and musicians, NGO heads, grassroots workers, government officials, and others.

[EARTHDAY.ORG](#) now invites additional nominations of young environmental leaders from around the world. **To submit a nomination**, please provide:

1. Name of the nominee as on their passport or on any other official document
2. Contact details
3. Date of Birth (age up to or below 30 years are eligible)
4. A short note of up to 200 words that describes the excellent work they do for the environment. You may include supporting material, such as media reports, mentions in publications, photos at speaking engagements, etc.
5. A statement of 2-3 sentences of their future plan of work on environmental issues.

The complete information should be sent to:
